c. Baseball Field Usage: A parent requested that the SAC support a solution to the issues surrounding baseball/softball field usage i.e. base field limitations with restrooms and adequate spacing; presented initially in 2024, and revisited at each SAC meeting this school year. By the end of the school year, it was determined that use of a local off-post field was approved for games.
d. Kiss and Drop/School Parking Lot Safety Improvements: The SAC facilitated numerous discussions in conjunction with the School Liaison Officer and committee members to support the overall improvement of traffic flow, parking, and drop off/pick up safety.

4. Issues or initiatives that were unresolved and recommended for completion during the next school year include:
    a. The SAC will need to elect two additional teacher/staff representatives and one student representative at the start of the new school year.

    c. Proposed shifting of winter break due to scheduling constraints for students and families.

5. Issues forwarded to the DAC or military chain of command include:
