-SHS announced key upcoming dates, including SATs on 12 March and 2 June graduation, and confirmed the football field is scheduled to be done with a few final touches, but will be ready for the soccer season.

-An inquiry was made regarding student driving privileges; this will be explored at a later time

- the migration of the USAG Stuttgart APP to the My Army Post APP

-He also shared the new Garrion slogan, "Stuttgart where mission meets home."

5. **Ongoing Business -** Review of Previous Meeting Action Items
    - Interest of Student representatives – Discussion and explanation as to why there were so many students involved. The SC voted to have two members per class to cover more perspectives and gather more feedback from all grades
    - Voting Secretary announcement - The need for a secretary was addressed, and an on the spot election was held to vote in Jessica Chen as the SAC Secretary.
    - Football Field progress and timeline – previously addressed, but reiterated that it will be ready for the Spring sports.
    - Baseball field (practice locations) – There is no contract; Garrison is looking into the issue, more to follow.
    - Honor Code – Dr Stillman recommended not putting this in place with future policy changes that may soon make this obsolete
    - Digital Hall pass – Mr Rogers reported 80% of the Staff are using the digital pass system, and they are looking for new strategies to help fill some glitches in the system.
    - Bathroom Vandalism – Possible solutions discussion to bring ownership for the students. It is believed that a lot of the bathroom vandalism is done by students during sporting events on the weekend. Discussion of having the means to lock portions of the school to restrict roaming after hours and during sports.
6. **New Business:**
    - Open Floor – bible study club inquiry – Detailed discussion all clubs must be led by students or staff, no outsiders during the school hours.

Stuttgart High School SAC Meeting Agenda

Date:21 January 2026 **Time:** 1500 **Location:** High School Library

- Grading with AI – ongoing discussion –
- Concern and recommendation for a new track- 10 years old – life cycle, and again aspects for safety reasons.
    A. Track maintenance: Facilities will perform patch work on areas as needed to prevent them from becoming a bigger issue. As long as the drainage is working, and there are no signs of larger degradation, resurfacing may never have to happen. Eventually, the entire rubberized surface will become rough and pitted (signs of erosion), and this will lead to a complete track replacement. It is estimated that if drainage is working and proper maintenance, the track will have multiple decades of life. A cleaning of Stuttgart HS track took place in Spring 2025. Facilities will look at markings and condition of the track in the coming weeks.
- Interest in boxing as a sport – any club is welcome if there is enough interest.
- School Dress Code – huge issue if this policy is not addressed and enforced in other places on post. –
- Question of possibly opening weight room for students after school – students are always in the weight room –
    A. Students must have a staff/coach with them when using the gym.
- Students' concerns with YouTube being blocked.
